FEATURED STUDENT ARTISTS OPENING RECEPTION
SUNDAY, JUNE 4, 3:00 - 5:00

Arts in Hand Gallery, 210 Walnut Street, downtown Spooner, Wisconsin

We invite everyone to join us as we celebrate the opening reception of a month-long exhibition of our Featured Student Artists , BRADEN THOMAS and JOSH NELSON. They have been studying art with Kristin Korbel and are both graduating Seniors from Rice Lake High School. Refreshments will be served.

BRADEN THOMAS
My name is Braden Thomas. I was born in Kansas City, Kansas and moved to Wisconsin in 2010. I am a middle child with 2 sisters and a bunch of step siblings. I will be graduating from Rice Lake High School in May. Leatherworking is my favorite medium for creating art but I also enjoy woodworking, and ceramics. I don't really tend to be inspired by many things and usually just go with the flow when creating.
Throughout the years I have learned many things about art. I have learned that it is a fantastic way to show how you feel towards a situation or even a person. This is something that I typically have a difficult time with, but my artwork often shows how I think or feel about something or someone.

JOSH NELSON
My name is Josh Nelson and I graduate from Rice Lake High School in May. I enjoy snowmobiling, being on the lake, spending time with friends and family, and art.
Making art is very peaceful for me and I like being creative. I also really enjoy watching a piece come together. When it comes to art, much of my inspiration comes from family. My brother is really good at ceramics and I sometimes like to think of it as a competition. My sister is great at drawing and painting. My uncle is just amazing at all things art. He truly inspires me when it comes to art and taught me how to create a wire tree.
My favorite ceramic technique is creating doughnuts on the wheel and then building sculptural pieces with them. My favorite tool to use is the rib. The most important thing that I have learned in ceramics is that when you are creating art, being perfect is imperfect. I hope to continue doing ceramics after high school.
